Assessment:

1. This was the first 2018 CRW Speed Check Session in Hilton and it has revealed that a serious level of outbound speeding persists across the Paddocks junction.
2. Letters sent to all speeding HGV and van companies where email contact details could be obtained from the public domain.
3. All Mick George HGVs - and there were many - were travelling at or just under 20 mph and this helped moderate outbound speeds.

Recommendation To Council:

1. Support CRW in its efforts - to reduce the risk to Hilton residents from speeding - by addressing some of the problem in writing to the companies of speeding commercial vehicles.
2. Consider requesting the loan of a SID from CRW to moderate outbound speeding at this location and if it makes a difference to explore ways of having a permanent one funded and fitted in this FY.
