TRO = Possible Wt Infringment; Dis - Driver Distraction Code: P=On PHone; C=Consuming; R = Reading; S=Smoking; T-TGate
Where letters have been sent to Companies, 'Let' = E if Emailed; L if Letter sent 2nd Class & Q if address reRequested.
A ? in or after the VRM indicates that it has not been able to 100% confirm the Reg No of the Vehicle; NF = Not Found

Assessment:

1. A hectic session with so many outbound vehicles speeding we had to install a Data Logger to do the counting for us.
2. The motorbike at 55mph on the 30 just floored it when it reached the 40 zone and could be heard in the distance all the way to the roundabout.

Recommendation To Council:

1. Nothing extra to what has already been recommended but especially worth a reminder about retaining a 40 buffer zone when the A14 project reverts the road back to its NSL status. When that happens drivers will see that on rounding the last bend and speeds will again be up in the high 40's across the Paddocks and those final dwelling exits. Need to act now.
2. Had a TruCam been used here to get 96 Speed Awareness Courses at £60 a rebate to the PCC then in just this 30 mins it would have made £5760. One TruCam costs £10,000 so at this rate Hilton could cover the cost of one in just one hour!!
